

Student Assistance Program (SAP): Reimbursement Rates

- Assessment:** Includes referral for service from the SAP team with signed parent permission, completion of the comprehensive behavioral health assessment evaluation and composition of an assessment summary. Not to exceed \$70 per hour of service. Maximum of two hours per assessment.
- Program Activities:** Direct service such as meeting attendance, student/team/faculty consultation, parent/team interventions and student/parent/faculty educational presentations. Not to exceed \$40 per hour of service.
- Collateral Contacts:** Parent contact of any variety, including those related to assessment, securing services and follow-up. Agency contacts for background information, appointment confirmation and service follow-up. Telephone communication with SAP team members and/or school support staff. Not to exceed \$35 per hour of service.
- SAP Groups:** Structured programs intended to educate and support students with substance misuse or other high-risk behaviors interfering with their education and life development. The groups may address topics such as ATOD specific education, building skills and resiliency, and addressing identified risk factors. Not to exceed \$60 per group session.
